

homehunt ® NES

End of Financial Year Newsletter

This leaflet gives you information on the properties let by homehunt NES for the period from **1 April 2010 to 31 March 2011**. It shows the demand for each property (the numbers that have applied) and whether a Priority Pass was used to get it. The leaflet also shows if "best use" was made (for example if the successful applicant needed all the bedrooms or if adaptations currently in a property were needed to secure the offer).

The information should help you to make choices about your future applications for housing with us by giving you an indication of how sought after an area or type of property is.
